Key Skills: Javascript | DOM | CSS | Tailwind | HTML

Project Link: https://github.com/sandeep9062/Music-Player

Created a personalized music player application inspired by Spotify. This project allows users to create and curate their own playlists, customize playlist profiles with images and descriptions, and manage their music library. The application utilizes HTML, CSS, JavaScript, and DOM manipulation to provide a seamless and interactive user experience.

Recipe Finder — 03 Mar, 2024 - 07 Mar, 2024

Mentor: Ms.Kavita Taneja | **Team Size:** 1

Key Skills: HTML | CSS | Javascript | API

Project Link: https://github.com/sandeep9062/Recipe-Finder

Developed a recipe discovery and creation tool using JavaScript, CSS, and HTML. Integrated with the THEALMEALDB.in API to search for recipes by name and retrieve detailed information, including ingredients and step-by-step instructions. Users can explore a vast recipe library and easily find the perfect dish to cook.

Netflix Replica — 02 Mar, 2024 - 07 Mar, 2024

Mentor: Ms.Kavita Taneja | **Team Size:** 1

Key Skills: HTML | CSS

Project Link: https://github.com/sandeep9062/Netflix-Replica

Created a visually accurate replica of the Netflix platform using HTML and CSS. Replicated the exact color scheme, layout, and visual elements found on the original website. Although non-functional, this project demonstrates a strong understanding of web design principles and attention to detail.
